

# SPECTRALINK DECT HANDSET REFRESH PROGRAM

KTR are happy to offer the new DECT Handset Refresh Program which allows you to update your current superseded DECT handsets to the current models. This package includes a Free Charger Kit.

We make note that the Item Code 603-1011 7710 DECT Phone is being discontinued and this model will no longer be available as of January 2016.

See below for our swap out Refresh Program to get you best bargains on updating. Please see your Account Manager for additional information and discount pricing for Quantity.
